

**DECLARATION OF CONFORMITY WITH ARTICLE 14 OF REGULATION (EU) NO 517/2014  
OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL AS AMENDED**

We Delta Development Team declare under our sole responsibility that when placing on the market pre-charged equipment, which we import to the EU, the hydrofluorocarbons contained in that equipment are accounted for within the quota system referred to in Chapter IV of Regulation (EU) No 517/2014 as amended:

Delta does not import more than 100 tonne CO<sub>2</sub> equivalent of HFC in equipment per year and is therefore exempt from registration, quota and reporting per Article 15.2 and Article 19, therefore we do not require authorisation issued in accordance with Article 18(2) of Regulation (EU) No 517/2014, referred to in Article 17 of that Regulation, at the time of release for free circulation to use the quota of an importer of hydrofluorocarbons subject to Article 15 of Regulation (EU) No 517/2014 as amended that covers the quantity of hydrofluorocarbons contained in the equipment.

Delta's statement on compliance with EU and UK F-gas legislation No 517/2014 ;

1. Delta's refrigeration products do not fall under any prohibition of Annex III on the following basis:

- The units are not considered domestic
- The units are not considered commercial
- The units are not considered stationary.

Therefore the products are not covered by points 10,11,12 of Annex III.

2. Delta uses a insulation foaming agent that complies with 517/2014 Annex III point 16 stipulation of less than 150 gwp.

Name and position of legal representative,

William Barg, Chief Engineer.
